

IMPEX COLOR s.r.l.

TECHNICAL DESCRIPTION

PRESTIGE GOLD

DESCRIPTION

Decorative water-based finish for the inside walls of homes, offices and shops. Prepared with gold flocculent particles which give surfaces an extraordinarily elegant decorative effect.

It is semi-opaque, washable and resistant to abrasion and color duration.

USES

This product can be used on any smooth interior surface.

TECHNICAL NOTES

Theoretical yield: 8 – 10 square meters per liter

Drying time at 25 °C: 2 – 3 hours, to the touch.
1 – 2 days, in depth

Application time: 5 – 15 minutes

Specific weight: 1.040 ± 10 grams per liter

INSTRUCTIONS FOR USE

Preparing the base: It is mandatory to apply 1 or 2 hands of Prestige Primer diluted with water (20 – 30%).

Application: 4-6 hours after treatment with a primer, apply Prestige Gold, which has been gently blended with the color desired. In a crisscross fashion that is not uniform, apply the product using any type of medium-sized brush. Start from an upper corner of the wall and move downwards, applying the product on a space that ranges from 1 to approximately 5 square meters.

The application surface will vary depending on temperature, humidity and speed with which product is applied. When the product begins to appear slightly dried, start to spatulate with crisscross movements, using the Prestige brush, until you achieve the desired effect.

Dilution: Ready-to-use.

All of the information, recommendations and suggestions on this sheet regarding product use, are based on tests and data which is considered reliable, however, it is the user's responsibility to determine if the products described herein are suitable for their specific use.

Since actual use by others is beyond our control, no explicit or implicit guarantee is generally provided concerning the effects of such use or for the expected results nor shall we be held liable for use of the products described herein by others without not under our specific control.

The information contained herein is not to be interpreted as absolutely complete, since additional information may be necessary or advised when particular or exceptional work conditions or circumstance exist.

Our technical staff is available to provide more information and explanations to resolve specific problems.
