

Material Safety Data Sheet

1. Identification of substance or mixture and of society/company

1.1. Identifier of the product

Denomination **MARMO FLOOR A**

1.2. Pertinent uses identified of the substance or mixture and uses advised

Description/Use **Two-component, ready mixed, based on high-resistance hydraulic binders, with selected and sieved aggregates, particular polymers and special additives.**

1.3. Information on furnisher of material safety data sheet

Business name **IMPEX COLOR S.R.L.**
Address **Via Pareto, 19**
Town & Country **31030 Dosson di Casier (TV) - Italy**
Tel. **+39.0422.331850**
Fax **+39.0422.639622**
e-mail of person responsible for safety data: **impex@impexcolor.com**

1.4 Emergency telephone number

For information in case of emergency please call **+39.0422.331850**

2. Identification of hazards.

No specific danger can be found in normal use.
If brought into contact with the eyes, the product causes irritation

3. Composition/information about ingredients.

Substances that are hazardous to health in accordance with Directive 67/548 / EEC and subsequent amendments or for which recognized exposure limits exist

Hydraulic lime: - calcium hydroxide 21%
 - calcium silicate 9%
 - Xi irritating
 - R41 risk of serious eye damage.
 - R36/38 irritating for eyes and skin.

4. First aid measures.

4.1. Description of first aid measures.

EYES: wash immediately with plenty of water for at least 15 minutes and call the doctor.
SKIN: remove clothing immediately and place the subject under the shower. Call doctor immediately.
INGESTION: drink as much water as possible and call doctor immediately. Do not induce vomiting unless expressly authorized by the doctor.
INHALATION: call the doctor immediately. In the meantime take the subject outside, away from the area of the accident.
If breathing should stop or appear difficult, start artificial respiration techniques, adopting the necessary precautions.

5. Fire-fighting measures.

The product is not flammable

Material Safety Data Sheet

6. Measures in case of accidental release

6.1. Personal precautions, protective devices and procedures in case of emergency

Wear gloves, eye-glasses and protective wears. Any information regarding individual protection is shown in sections 8.

6.2. Environmental precautions

Prevent the product from leaking into the sewer system, in shallow waters, in unconfined ground-waters and confined surrounding areas.

6.3. Methods and materials for containment and for remediation.

Collect the leaked product with mechanical anti-spark equipment and put it in plastic containers. Eliminate any residues with jets of water if there are no contraindications. Aerate the area of the leakage sufficiently. Waste disposal of the contaminated material must be carried out in conformity with the instructions in point 13.

7. Handling and storage.

7.1. Precautions for safe handling.

Avoid the contact. Don't eat and drink during the use.
Not particular materials are incompatibles.

7.2. Conditions for safe storage, including any incompatibilities.

Maintain the containers well closed, in dry local closed and covered.

7.3. Particular final uses.

No information available.

8. Control of exposure/individual protection.

Precautionary measures: don't eat and drink during use. Wash well hands after use.

Inhalation:	not particular measures.
Hands protection:	protective gloves.
Eyes protection:	eye-glasses
Skin protection:	not particular measures.
Exposition limits:	not particular measures.

9. Physical and chemical properties.

9.1. Information on fundamental physical and chemical properties.

Physical state	powder
Colour	white
Odour	none
Characteristics	
Specific weight	1,00 ± 0,05 Kg/l.
Solubility	miscible
Melt point or freezing point	NA (not available).
Boiling point	NA (not available).
pH	12,5 ± 0,50
Flammability of solids and gas	Not flammable

10. Stability and reactivity

10.1. Reactivity

There are no particular risks of reaction with other substances in normal conditions of use.

10.2. Materials to avoid

Avoid acids

10.6. Dangerous decomposition products.

Not available

11. Toxicological Information.

Material Safety Data Sheet

11.1. Information on toxicological effects.

No specific toxicological information is available on the product.
Frequent and prolonged contact will cause skin irritation and eye irritation.

12. Ecological Information.

Use with the criteria of good work practice, avoiding dispersal of the product into the environment. Notify the competent authorities if the product should reach streams, watercourses or sewer systems or if it should contaminate the soil or vegetation.

13. Considerations regarding disposal.

13.1. Methods of waste treatment.

The residues, the waste and the contaminated packaging must be sent for recovery or disposal in conformity with the national regulations on waste management.

14. Information on transport.

The product is not considered dangerous according to the provisions in force regarding material of dangerous goods to be transported via road (A.D.R.), railway (RID), by sea (IMDG Code) or by air (IATA).

15. Information on regulations.

In compliance with the provisions of the D.L. 03/65 and directive 99/45 EC the product is labeled as follows:

- Symbols

Xi irritating

- R phrases

R36/38 irritating for skin and eyes

R41 risk of serious eyes damage

- S phrases

S2 Keep out of reach of children

S24/25 avoid contact with eyes and skin

S26 in case of contact with eyes, wash immediately with plenty of water e consult medic

- Contiene

Calcium hydroxide 21%

Calcium silicate 9%

Where applicable, refer to the following regulations: D.P.R. 303/56 (health checks);
D.L. 626/94 (safety and health of workers).

16. Other information.

1. Directive 1999/45/EC and subsequent modifications
2. Directive 67/548/EEC and subsequent modifications and adjustments
3. Directive 91/155/EEC and subsequent modifications

Note for the user:

The information contained in this sheet is based on the knowledge available to us on the date of the last version. The user must ascertain the appropriateness and completeness of the information in relation to the specific use of the product. This document should not be interpreted as a guarantee of any specific property of the product.

Since the use of the product is not under our direct control, the user is obliged under his own responsibility to observe the laws and regulations in force with regard to health and safety. We do not assume any responsibility for improper use.
